ADAC-SKANDAL

„Gelber Engel“ seit 2009 manipuliert

Ein Prüfbericht zeigt, dass der ADAC bereits seit fünf Jahren bei der Preisverleihung betrogen hat. Erste Anzeichen deuten darauf hin, dass sich der Skandal für den Autoclub auch darüber hinaus noch ausweiten könnte.

Employee training is the most important challenge

Explanation

The ongoing trend: Companies become larger and more international.

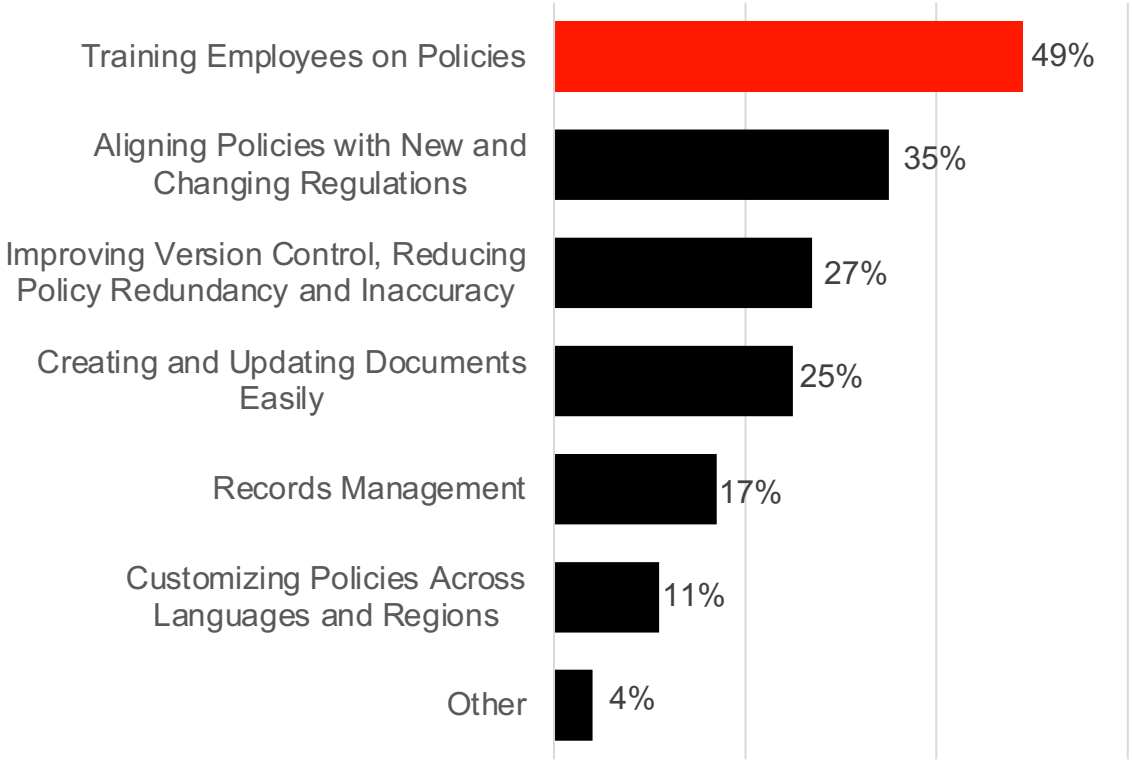
Employee training is the most important challenge

Explanation

- **The ongoing trend:** Companies become larger and more international.
- **The result**: Regulations and compliance requirements are becoming longer and more complicated

Employee training is the most important challenge

Policy management challenges in %, N = 729



Explanation

- **The ongoing trend:** Companies become larger and more international.
- **The result**: Regulations and compliance requirements are becoming longer and more complicated
- **The problem**: Employees are overwhelmed by regulations. Status quo: If rules are not found quickly, employees act on gut feeling.

We provide lightning-fast and easy-to-understand answers

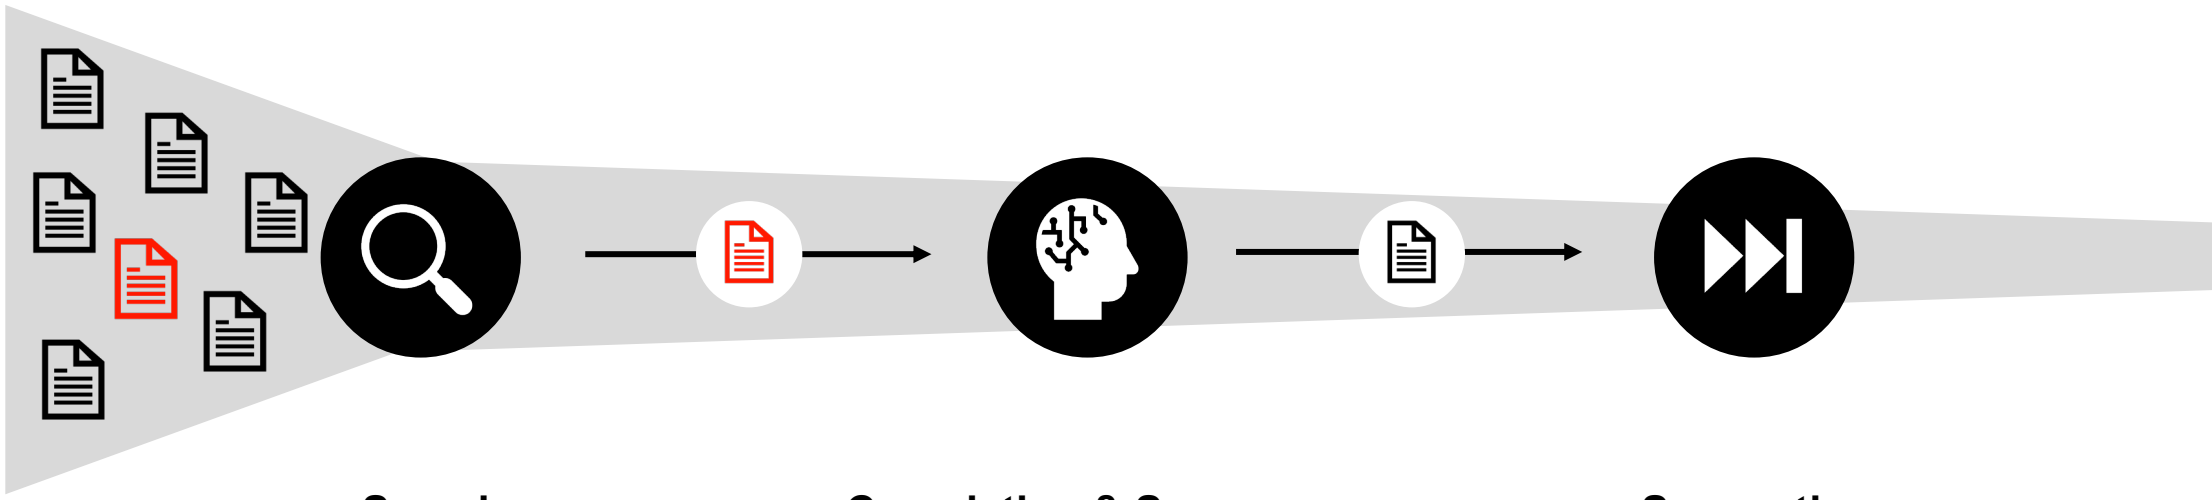
Lightning-fast
Access to Information

Easy-to-understand
instead of legal jargon

Highly scalable
24/7 availability and little costs

compl aince

Our solution is based on three stages of GPT-3



Search
First, the employee's question is matched against all documents to identify the document with the correct answer.

Completion & Summary
Based on the question and the correct document, a custom-fit answer is generated. This is summarized to be as understandable as possible.

Suggestion
Based on the answer, further information on important keywords is suggested to improve the understanding of the employee
